SEBASTIAN SIMON  
Creator @ LavaSALT

**Lavasalt Artisan Infused Salts** was created in 2015 solely as a passion to elevate flavour and mouth feel. With the right amount of seasoning, food begins to speak to the senses in incredible ways.

My infused salts adds that X factor, making a plate of food more complete and well rounded.

As a chef, I have always believed in creating flavours that have a long lasting sensory experience.

These salts have been hand made in small batches with care and a deep sense of respect for the creative skills I have learnt over the years.

The smokey flavours of Lavasalt products is perfect on salads, seafood including meats and desserts. Add them to your favourite recipe and I can assure you that your dish will look and taste great.

Go to my website [www.lavasaltconsulting.com](http://www.lavasaltconsulting.com) and click on some of my recipes and find interesting ways in which my products can be used.
