SEBASTIAN SIMON
Creator @ LavaSALT

Lavasalt Artisan Infused Salts was created in 2015 solely as a passion to elevate flavour and mouth feel. With the right amount of seasoning, food begins to speak to the senses in incredible ways.

My infused salts adds that X factor, making a plate of food more complete and well rounded.

As a chef, I have always believed in creating flavours that have a long lasting sensory experience.

These salts have been hand made in small batches with care and a deep sense of respect for the creative skills I have learnt over the years.

The smokey flavours of Lavasalt products is perfect on salads, seafood including meats and desserts. Add them to your favourite recipe and I can assure you that your dish will look and taste great.

Go to my website www.lavasaltconsulting.com and click on some of my recipes and find interesting ways in which my products can be used.
